**Lead containers** are designed for the storage and shipment of radioactive materials.

## Applications of Lead Containers

- Medi-Ray fabricates lead containers for radioactive pharmaceuticals, nuclear applications, radioactive source storage, and waste containers.

## Medi-Ray Guarantees Good Design

All containers feature interlocking component designs that guarantee no radiation leakage and provide safety during handling and transport.

- Medi-Ray can design and manufacture [lead shielding containers](#) in multiple sizes with good cover designs and locking mechanisms.

- If you need custom designed lead containers, [contact Medi-Ray](#).
